Radical Changes in Tax

Laws Recommended

The Tax Commission appointed by the last session of the Legislature has reported, making very radical changes in our taxing laws; and all in favor of the moneyed man. Among the provisions are: A permanent tax commission which sits all the time; all intangible property is exempted from county and all local taxation. This means franchises on railroads which alone will lower Powell county's taxable property \$25,000 on account of the L. & N. railroad to say nothing about other classes of intangible property.

Following is the property proposed to be exempt from county, city and school district taxation:

(1). Farm implements and farm machinery owned by a person actually engaged in farming and used in his farm operations.

(2). Machinery and products in course of manufacture of persons, firms, or corporations, actually engaged in manufacturing, and their raw material actually on hand at their plants for the purpose of manufacture.

(3). Money in hand, notes, bonds, accounts and other credits, whether secured by mortgage, pledge or otherwise, or unsecured.

One good feature of the proposed law is it provides that the tax commission shall make the raise of the various counties before the County Board of Supervisors sit so that these supervisors may distribute the raise to the persons whom they think should have it, instead of being general to all taxpayers alike whether they list their property at a fair cash value or not.

All bank deposits are to be taxed by the State 10 cents on the one-hundred dollars for State purposes. The county and other local districts can collect no tax on money or cash in bank.

It's Doctor Easter, Now.

Eld. A. Easter went to Louisville the 12th inst., to appear before the State Board of Veterinary Examiners, under act of Mar. 24th, 1916.

Eld. Easter, with many others, was granted a license as a non-graduate veterinarian, to practice veterinary medicine, surgery and dentistry, in Kentucky; which entitles him to be placed on the roll as Dr. Easter, and also makes him eligible for the office of County Live Stock Inspector.

Dr. Easter has been practicing veterinary work in this State and Missouri for 44 years, so there was no doubt as to his ability to practice, but the new law requires all persons so practicing to have license after Jan. 1, 1917.

Has Hand Ground Off.

Wednesday while operating a drilling rig in the oil fields near Union Hall, Clyde Townsend, of Spout Spring, slipped and fell into the machinery which was in motion. His right hand got caught in some gear wheels which ground it into a pulp. He was hurried in automobile to Irvine and from there taken by special train to the Gibson Infirmary where his hand was amputated.

TO OUR SUBSCRIBERS

Every item that goes into the makeup of The Times has more than doubled in cost in the past few years. In addition to this all forms of living expenses have also nearly doubled. These conditions make an increase in our rates for both subscription and advertising absolutely necessary to enable us to exist without loss. If every subscriber should pay cash at the old rate of subscription, based on the present cost of producing the paper, we would lose \$166 per year, and our time in getting it out. To overcome this loss we have raised the subscription price of the paper to ONE DOLLAR per year, and no subscriptions after Jan. 1, 1917 will be received for less than that amount. But in order to equalize matters as much as possible, we will accept subscriptions to The Times at 75 cents per year until Jan. 1st. If you desire to save 25 cents on your 1917 subscription, see that the paper is paid for before Jan. 1st, as positively after that date no subscriptions will be received for less than one dollar per year. Until Jan. 1st, 75 cents.

Powell County Marine

to Visit Panama Canal

Harvey L. Wells, a United States Marine from Stanton, this county, will visit the Panama Canal, when the huge battleship Vermont completes her cruise in the West Indies and sails for the Isthmus, in accordance with the winter schedule of the Atlantic Fleet.

Harvey, who is a son of Mrs. Sallie Wells Williams, of Stanton, enlisted in the United States Marine Corps at its Detroit, Mich., recruiting station on Aug. 22, 1916, and he will perform his regular military duties aboard the Vermont while the big dreadnaught steams through the waterway from coast to coast.

Comparatively few Americans are favored with an opportunity to visit the great canal, and this trip to the tropics, which has been aptly timed to avoid the rigors of a northern winter, will doubtless prove of great educational value to the Powell country boy.

Allen Comes Clear.

Elihu Allen was acquitted at Winchester Monday of the charge of murder for the killing of Grover Blanton in Breathitt county some time ago. It was the fourth trial for Allen, and he greeted the verdict of the jury with a smiling face, while Judge W. H. Blanton and Mrs. Blanton, parents of the dead man, left the court-room with bowed heads and without comment.

Advertising Christmas Goods.

Hardwick & Co., the enterprising Stanton merchants, have their Christmas Goods in, and are bidding for your trade through their advertising space in the Times this week. There is no need of going out of the county to select Christmas goods. Call on your home merchants who tell you in the Times that they can supply your needs.

Sells and Buys Mules.

E. D. Conlee sold pair of well broke, aged mules to Mr. Bowman in the eastern portion of the county, for \$250, and purchased a pair of two-year-old mules from his father, J. W. Conlee, of Montgomery county, for \$20. Roscoe Bowan also purchased of J. W. Conlee a nice unbroke two year-old horse for \$125.

Advanced Rates.

The Mt. Sterling Advocate and the Gazette of that city, served notice on their subscribers last week that the price of each paper had been advanced to \$1.50 per year. They are doing it all over the country.

STANTON.

(By P. O. Derthick.)

Fred Ware was in Winchester Tuesday on business.

Miss Mila Knox will spend the week end at Mt. Sterling, visiting.

Rev. J. C. Hanley is at Richmond, Indiana, attending Presbytery.

Dr. Lawrence Knox of Nada was here one day last week on business.

Asa Center went to Stillwater in Wolfe county last Saturday for a brief visit.

Henry Dehart of Lombard was here last Friday, calling on his brother Doc Dehart.

R. D. Clark is visiting his daughter, Mrs. Irvie Conlee of near Richmond, this week.

Dr. Johnson was called out to Mt. Canaan to see Willie Conaway who is very sick with typhoid fever.

The W. C. T. U. will meet this week at Mrs. J. C. Hanley's Thursday afternoon—followed by a social hour.

Dr. Johnson left Wednesday for Louisville to attend the Annual Meeting of the officers of the State Board of Health.

Misses Elsie and Hattie Martin of Hatchers Creek went up to Rosslyn Tuesday to visit with Mr. and Mrs. Lloyd Martin.

Mrs. Margaret Oldham has returned to her home in Winchester after several days' stay with her parents, Mr. and Mrs. J. S. Ewen.

The Christian Endeavor Society will give a Backward Party at the College Friday night, to which all the members are invited.

Mrs. Butler Barnes and daughter of Hatchers Creek left last week for Hazel Green where she has gone to visit her mother Mrs. Maples.

Mrs. Stoder Snowden and her daughter of Ashland, Ky., came up Saturday for a visit with her parents, Mr. and Mrs. Kirkpatrick of Rosslyn.

Clarence Arnett left Saturday for his home in Magoffin county to stay till after the holidays when he expects to return for his school work.

Lucien Jackson, who lived near Stanton some years ago, is back again from West Virginia. He is calling on his friends for clothes to clean and press.

Mrs. Sis Hall's mother, Mrs. Rose, is very low at this writing and her death is looked for at any minute. She has been a great sufferer ever since she fell and broke her hip.

Kelly Martin arrived home Tuesday from Louisville, where was operated on for hair lip. His brother Sterling came home last week. The operations were a success, making a wonderful improvement in the looks of the boys.

Death of Ernest Barnes.

Mr. Ernest Barnes died Tuesday night at his home in Winchester of typhoid fever, aged about 30 years. The remains were brought to Powell's Valley church this morning for burial. Deceased is survived by his wife, who was a Miss Oliver of Clark county.

While a native of Estill county and a former resident of this county, Mr. Barnes has been living in Clark county for the past eight or ten years. He was a son of Mrs. Reuben Tipton, and a nephew of J. N. Burgher, near this city.

ackson, James Wireman, Guy Watson, Colson Blackburn, Jas. Atkinson and Charley Rogers, attended the Older Boys' Conference at Lexington the past week. All report a fine meeting.

A. T. Stewart killed a 450-lb. hog Monday that dressed 375 lbs. He shipped the hog to his brother at Jackson. Talk about big hogs, Stanton can sure produce them! J. S. Ewen was offered \$65 for the 650-pound hog he killed Monday of this week, but refused it.

The social given by Rev. and Mrs. J. C. Hanley to the Bible classes of the Presbyterian church at the College Friday evening, was thoroughly enjoyed by all who attended. Mr. Thos. B. Talbott of Lexington gave the address of the evening, and, after a social time, the guests were served with an oyster supper.

Miss Callie Norton, who has been clerking in Mrs. Williams' store in Clay City, has gone to Lexington where she is clerking in the large store of J. D. Purcell & Co. This is one of the best stores in that city and Miss Norton would be glad to have her friends call on her while there. We congratulate her on securing such a fine position.

The writer received some fine fruit trees from Hillenmeyer & Sons of Lexington, which he has set in his yard. We always prefer to order our trees from home people instead of from other States. They always tell you what trees are best suited for Kentucky, and always give satisfaction. It is one of the most reliable nurseries in the country.

Harvey Wells, who joined the navy some months ago, is now stationed on the battleship Vermont at Hayti, and is making good. His promotion comes rapidly, being now second marksman. He is aspiring to be a sharpshooter, and it looks like he would soon be one. He is one of the battleship signal corps. We are glad to hear of Harvey's success.

Mrs. Tom Chaney was taken to Lexington last week by Dr. Johnson, where she was operated on at Good Samaritan hospital for a tumor of the stomach. Mrs. Chaney has been in very ill health for several weeks and this operation was resorted to in hope of her getting well. Mr. Chaney who is at present in Lexington with his wife said she was doing fine and that the operation was a success.

THE TIMES.

A HOME-MADE PAPER.

THURSDAY, DEC. 14, 1916.

From a notice on the front page to our subscribers, it will be seen that hereafter the subscription rate of the Times will be one dollar per year with the proviso that all who pay before Jan. 1st, 1917, will get the paper one year from date of expiration of present subscription for 75 cents.

No one regrets this advance more than we do, but it is imperative. It is either raise the rates or go out of business. The cost of production has more than doubled in this office within the last two years. Then, of necessity, must the cost of sale be likewise doubled. Advertising rates are also advanced to help meet the situation. In addition to the present high price of paper, we are informed of another advance to take place Jan. 1st. All the large papers get their paper stock at practically the same old price, and they get clean, white paper, too. This is because some of the papers own their own mills, and the others are supplied at a rate that will enable them to compete with the papers that own mills and make their paper.

We have several good clubbing offers advertised in this issue that should help to carry over the increased price of the local paper. Look up the papers you want and let us know your selection by the first of the year that you may save all the money possible in your next selection of periodicals.

Our mail pouches are loaded with liquor circulars coming from different parts of the country. Of course, those glaring, handsomely printed, in colors, circulars do not make a dent in the determination of some to stand aloof from the alluring temptations to start the drink habit, but the scheme is catching hundreds that would not otherwise fall but for the tempting convenience of getting the intoxicating beverage. Some people are going to have their liquor, particularly their Christmas toddy, but they learn within themselves where to order it without every man, total abstainers, young men and all, having to go through two or three whisky circulars to get to important mail, each time they go to the post office. There should be a law for persons not desiring to receive such mail to prohibit its coming to his address and to recover damages from the senders if their obnoxious, detestable and tempting circulars are forced upon his attention.

We are just wondering if Gov. Stanley does call an extra session of the Legislature, if our Representative, E. B. McGlone, who stood as true as steel to the right side last winter, will be called back from Arkansas to participate in the jingle at Frankfort. He is a mighty good man for the place and we suspect they will not want him at Frankfort any more, especially if they go to tinkering with the whiskey matters.

Some time last spring the officials of Lewis county got in bad with the grand jury because of so much graft in spending a road bond issue, and now Carter county officials are coming in for rebuke; but it seems that Carter's \$150,000 in bonds is being very evenly distributed over the county, as twenty-five overseers of the county have come in for a share of the spoils. The people of Carter feel pretty generally outraged on account of the wasting of their money.

The Department of Justice is making an investigation of the high cost of living. If a fair investigation is held, it will be found that the farmer does not receive more than one-half for his products that the consumer is forced to pay. The middleman is getting the surplus profit. It is not the farmer. The average farmer doesn't get more than fair wages for his labor, if you take into account interest on the money invested in his high priced land.

Gov. Stanley says he will not call an extra session of the Legislature unless the expressions of the people seem to indicate that they indorse the report of the special committee appointed to study the situation. The report of this committee was made public Monday morning, and we do not believe that the masses of the people will indorse the measures advocated in this report.

We deal with this report more extensively elsewhere in this issue.

The latest in war news is that Germany wants peace and is anxious for peace, agreeing to give up all her conquests in Europe if the opposing countries will surrender her colonies taken by them. The allies seem to be hard to reconcile to this position. It looks now more like peace than at any time since the outbreak of the war.

We See the Point.

The time has come when the newspapers of Kentucky must join in a movement to check the highway robbery which is being carried on by the manufacturers, distributors, jobbers or somebody connected with the manufacture and sale of news print paper. The evidence is too strongly against these people for them to further deny that they are charging enormous prices for paper simply because they know we newspaper men have to buy.

Congress, it is understood, will make an investigation. The Democrat is to-day writing the Senator and our Representative urging them to leave no stone unturned in their efforts to ferret out the men who are now robbing the small publishers. We are speaking plainly because we know that the men who deliberately put up the prices of such a staple as paper are nothing short of criminal.

We urge every newspaper in the State to join with us, and several other newspapers which have already begun their fight. Concurred action alone will result in the publishers securing relief. Every editor should write to the Senators and Congressmen and tell their readers to do so. We appeal to a fair and impartial public to assist us in this fight which is for their benefit as well as ours. We contend that it is unjust and nothing short of robbery for the paper men to charge us \$7 a hundred for the same grade of paper

Saved. Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvia Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

THEDFORD'S BLACK-DRAUGHT

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

DAUGHTER'S LIFE SAVED BY TANLAC

Mother of Mrs. John Lowe Says
She Is Sure of It.

NOW WEARS "TANLAC SMILE"

"She Had Lost All Interest In Life
and Would Have Gladly Welcomed
Death," Declares Mrs. S. C. Burnett.
"I Regard My Daughter's Recovery
as Most Wonderful and Miraculous."

"There is absolutely no doubt in my
mind that Tanlac saved my daughter's
life."

This statement by Mrs. S. C. Burnett,
1438 Clay street, Cincinnati, mother of
Mrs. John Lowe, same address, tells
why the "Tanlac Smile" brightens the
face of everybody in that household.

"I regard my daughter's recovery as
the most wonderful relief your Tanlac
medicine has ever achieved," said Mrs.
Burnett. "I myself—her own mother
had given up hope. My daughter had

lost all interest in life and would have
gladly welcomed death.

Her Condition Pitiable.

"She was just pitiable! Yet before
she had taken half a bottle of Tanlac
she was a different woman.

"My daughter's case is almost un-
believable. Up to a year ago she was
a strong, healthy woman. Suddenly
she began to ail. Her digestive sys-
tem went back on her completely. She
could not digest what little she forced
herself to eat. After every meal she
was tortured with gas, pain and dis-
tress. She had to physic constantly
with salts, oil and pills. Her weight
dropped from 140 to 110 pounds.

Walked Floor For Hours.

"The rumbling of a wagon or slam-
ming of a door would make my daughter
tremble. At night she would lie
awake or walk the floor for hours.
Then she would have heart-breaking
spasms of weakness. We tried all
sorts of medicines to no effect. Finally
we heard of Tanlac from neighbors.
My daughter took it.

"Her complete recovery to perfect
health was marvelous, simply mar-
velous. First, she felt like eating. Then
her strength came back and her bow-
els became regular. Now she has a
splendid appetite, sleeps the whole
night through and has gained weight
so that her clothes have had to be let
out. I repeat:

"There is absolutely no doubt in my
mind that Tanlac saved my daughter's
life."

SPOUT SPRING

Hugh Snowden moved this
week to the Phillips place near
Clay City, where he has a position
at Brodhead Garrett's mill.

Robert McIntosh has hauled
from the Stanton brick yards
enough brick to build him a new
chimney which seems to be a ne-
cessity to ward off the chill of
these oncoming bleak winter
days.

Alfred Crow has purchased ten
acres of land from J. T. Wright
in Powell county, being the re-
mainder of the boundary formerly
owned by Mr. Wright and will
build a residence on the same
and move there soon as comple-
ted.

Several young men made them-
selves quite conspicuous at a re-
cent public gathering near here
one night last week. Too much
booze. Bootlegging is becoming
too prevalent in an adjoining
community, it seems. The eye
of the public is on certain indi-
viduals, and if they are not right
sharp they will be overtaken by
the arm of the law.

Back on Business.

Mr. and Mrs. R. P. Rose, form-
erly of this city but now living
on one of the finest of the sub-
urban farms at Winchester, came
up on a business visit of a day or
so this week. It was Tuesday

they came, with the wind and
snow and cold, but they suffered
little discomfort. Mr. Rose is a
17-year subscriber, with time up
Jan. 1st, so part of his business
was to call with the coin and add
another to his long string of years.

Barksdale Hamlett Again.

The former Superintendent of
Public Instruction, Barksdale
Hamlett, is in trouble again. His
many former troubles, including
divorce proceedings of his wife
and a term in the asylum, has
not yet sobered the educator gentle-
man, for no longer than last
week did he get into trouble
again, in a saloon, and had to be
rotted out by officers, and a little
later in the week he was con-
nected in some form of gambling,
according to newspapers. This
"alcoholic psychosis," the gentle-
man term for drunken tremors
must be a terrible disease.

Mr. Jas. Kincaid, one of the

SAFETY DEMANDS FEDERAL CONTROL OF THE RAILROADS

Only Way to Meet Emergencies
of Nation, Says A. P. Thom.

STATES' RIGHTS PRESERVED

Principles Which Railways Hold Should
Govern Regulatory System in Inter-
ests of Public and the Roads—Com-
pulsory System of Federal Incorpora-
tion Favored.

Washington, Dec. 4.—That the inter-
ests of national defense require that
control of railway lines should rest
with the federal government and not
with the states was the claim ad-
vanced by Alfred P. Thom, counsel
to the Railway Executives' Advisory
Committee, in concluding his prelimi-
nary statement of the case for the
railways before the Newlands Joint
Committee on Interstate Commerce.

"We must be efficient as a nation if
we are to deal successfully with our
national emergencies," said Mr. Thom,
"and we must appreciate that efficient
transportation is an essential condition
of national efficiency. If we are to
halt and weaken our transportation
systems by state lines, by the permanent
imposition of burdens by unwise
regulation, we will make national effi-
ciency impossible."

States' Rights Would Not Suffer.
Mr. Thom cited many instances in
which shippers in one state were injuriously
affected by selfish regulations
imposed on the railroads by
neighboring states. He pointed out
that federal regulation would be no inva-
sion of the rights of the states but
would be the means of preserving the
rights which they acquired when they
entered the Union, one of which was
the right to the free movement of their
products across state boundaries.

What the Railroads Advocate.
The principles which the railroads
believe should be incorporated in any
just system of regulation were sum-
marized by Mr. Thom as follows:

1. The entire power and duty of reg-
ulation should be in the hands of the
national government, except as to mat-
ters so essentially local and incidental
that they cannot be used to interfere
with the efficiency of the service or the
just rights of the carriers.

2. As one of the means of accom-
plishing this, a system of compulsory
federal incorporation should be adopt-
ed, into which should be brought all
railroad corporations engaged in inter-
state or foreign commerce.

3. The Interstate Commerce Commis-
sion under existing laws has too much
to do and is charged with conflicting
functions, including the investigation,
prosecution and decision of cases. The
latter duties should be placed in the
hands of a new body which might be
called the Federal Railroad Commis-
sion. Regional Commissions should
be established in different parts of
the country to assist the Interstate
Commerce Commission by handling local
cases.

4. The power of the Commission
should be extended to enable it to pre-
scribe minimum rates and not merely
maximum rates as at present. This
would increase their power to prevent
unjust discriminations.

Justice to Public and Roads.

5. It should be made the duty of the
Interstate Commerce Commission, in
the exercise of its powers to fix reasonable
rates, so to adjust these rates
that they shall be just at once to the
public and to the carriers. To this end
the Commission, in determining rates,
should consider the necessity of main-
taining efficient transportation and ex-
tensions of facilities, the relation of
expenses to rates and the rights of
shippers, stockholders and creditors of
the roads.

6. The Interstate Commerce Commis-
sion should be invested with the power
to fix the rates for carrying mails.

7. The federal government should
have exclusive power to supervise the
issue of stocks and bonds by railroad
carriers engaged in interstate and for-
eign commerce.

8. The law should recognize the es-
sential difference between things which
restrain trade in the case of ordinary
mercantile concerns and those which
restrain trade in the case of common
carriers. The question of competition
is not the only fair criterion.

9. The law should expressly provide
for the meeting and agreement of traf-
fic or other officers of railroads in re-
spect of rates or practices. This
should, however, be safeguarded by
requiring the agreements to be filed

A Reliable Remedy for Kidneys and Bladder

Foley Kidney Pills Also Do
Remarkable Work Where
There Are Urinary
Irregularities

Irregular, painful bladder action
is another convincing evidence of
kidney trouble. The urine becomes
concentrated, causing great irritability
of the bladder. There is a desire to pass water frequently with a
painful burning sensation. This ir-
regularity becomes a serious nuisance
at night, causing loss of rest and
sleep to one already weakened by
kidney trouble. There is also the
added danger of chilling the body, a
condition to be very carefully avoided
at such a time.

Foley Kidney Pills control this
situation promptly and effectively.
They cause a normal, healthy flow,
relieving the concentrated condition
that produced the irritability and
burning sensation. The bladder action
is regulated to avoid the too
frequent calls, and easy restful
nights, without pain or backache,
without loss of sleep or bad dreams,
is a quick result.

Mr. J. M. Hayes of Spring Place,
Ga., R. F. D. No. 2, writes us: "I suf-
fered with a terrible backache in the
small of my back, and urinating was
irregular and excessive in quantity.
It was very red and I suffered a ter-
rible stinging and burning sensation.
I could hardly stoop over and it inter-
fered with my work. I began tak-
ing Foley Kidney Pills, and after
several days my urine became regular,
the stinging and burning stopped, and my
backache disappeared entirely."

Foley Kidney Pills are sold every-
where in 50c and \$1.00 sizes. The
\$1.00 size is the more economical buy,
as it contains 2½ times as many as
the 50c size.

Guard Your Children Against Bowel Trouble

Many children at an early age
become constipated, and frequently
serious consequences result. Not
being able to realize his own con-
dition, a child's bowels should be
constantly watched, and a gentle
laxative given when necessary.
Dr. Miles' Laxative Tablets are
especially well adapted to women
and children. The Sisters of
Christian Charity, 531 Charles St.,
Luzerne, Pa., who attend many
cases of sickness say of them:

"Some time ago we began using Dr.
Miles' Laxative Tablets and find that
we like them very much. Their action
is excellent and we are grateful for
having been made acquainted with them.
We have had good results in
every case and the Sisters are very
much pleased."

The form and flavor of any medi-
cine is very important, no matter
who is to take it. The taste and
appearance are especially important
when children are concerned. All
parents know how hard it is to give
the average child "medicine," even
though the taste is partially dis-
guised. In using Dr. Miles' Lax-
ative Tablets, however, this diffi-
culty is overcome. The shape of
the tablets, their appearance and
candy-like taste at once appeal to
any child, with the result that they
are taken without objection.

The rich chocolate flavor and
absence of other taste, make Dr.
Miles' Laxative Tablets the ideal
remedy for children.

If the first box fails to benefit,
the price is returned. Ask your
druggist. A box of 25 doses costs
only 25 cents. Never sold in bulk.

An automobile passenger line is to be established between Lexington and Northmiddletown. Next should be Clay City and Lexington, and we are sure it would pay.

Elder Cloyd, of Transylvania University, occupied the pulpit at the Christian church Sunday morning and evening, in the absence of Pastor Cleo Purvis, who recently moved to Lincoln county.

STOPS STUBBORN COUGHS

The simplest and best way to stop coughs, is to take Foley's Honey and Tar. You get the curative influence of the pine balsam together with the mollifying effect of the honey, and other healing ingredients. It leaves a soothing coating on the inflamed tickling throat, raises phlegm easily and puts a quick end to the hard wearing coughs. R. F. Hall, Mabe, Va., writes: "One bottle of Foley's Honey and Tar stopped a troublesome bronchial cough and irritation that had bothered me for fifteen years." Your dealer sells it. Try it.

NOTICE!

On account of complaints having been made to the Board of Trustees of Clay City, Ky., by the citizens for not having some place to take their rubbish, etc., except throwing it in the river, which is a violation of the law, and very inconvenient to some, the citizens of the east end of the town and the west end are hereby notified to select some spot that belongs to the town for this purpose and agree upon it. Then notify the Board of their selection for the place to be used.

STANTON.

(Continued from First Page)

We are informed that Mr. McCormick will soon move his family to Winchester where he will have charge of the Mint Cola works that have been doing business here in Stanton. Mr. Fuller has bought the latest and best machinery and is installing it in his new place at Winchester, where they will continue to make Mint Cola. We regret to see Mr. McCormick leave here. They have made many friends in Stanton.

George Faulkner of Nada, one of the best citizens of this country and loved by a host of friends, died last Friday. He leaves a wife and several children. Rev. J. H. Johnson of Hamilton, Ohio, was called to preach the funeral and he arrived Saturday morning. The funeral was held Sunday at Nada, where the interment took place. Among those attending were Mrs. Helen Hunter of Winchester; Jack Welch of Rosslyn; Mr. and Mrs. Alvin Faulkner, Miles, Lewis, Henry and Monroe Faulkner; Mrs. Mary Faulkner; Luther Stephens and son John; Mr. and Mrs. J. S. Ewen; Mr. and Mrs. Ide Boone; Mr. and Mrs. Walter Thacker; Mr. and Mrs. Fred Ware and daughter, Nellie, and Mrs. Effie Smith, who were there from Stanton.

On Thursday, Dec. 21st, at 1 o'clock in the afternoon, Miss Ida Paisley's room at the College will give a play entitled: 'The Birds'

NEGLECTED COLDS GROW WORSE

A cough that racks and irritates the throat may lead to a serious chronic cough, if neglected. The healing pine balsams in Dr. Bell's Pine Tar Honey—Nature's own remedy—will soothe and relieve the irritation, breathing will be easier, and the antiseptic properties will kill the germs which retarded healing. Have it handy for cough, sore throat and chronic bronchial affections. Get a bottle today. Pleasant to take. At all Druggists. 25 cents.

ORDINANCE.

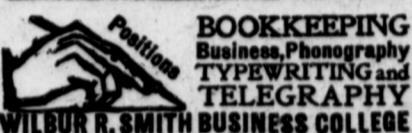

The Board of Trustees of Clay City, Ky., do ordain as follows:

That it shall be unlawful for any person to run any kind of Vehicle or Automobile within the town limits of Clay City, Ky., at a speed exceeding fifteen miles per hour; also it shall be unlawful for any person to jump on any Vehicle or Automobile while same is in motion, or the driver of any Vehicle or Automobile knowingly permit the same.

Any person violating this ordinance or any part thereof, shall upon trial and conviction, be fined not less than one nor more than five dollars for each offense.

This ordinance to be effective when signed by the Chairman and Clerk, and when published as required by law.

A. P. JOHNSON, Chairman
Attest: G. HACKWORTH, Clerk.
